Merchants Drop Game To Montebello

Exciting Pitchers Duel Ends
In Rout For Home Team
—Errors Are Costly

What had been an exciting pitchers' duel between Mr. Pratt of Sierra Madre and Mr. Balz of Montebello, became a rout for Mr. Pratt and his colleagues on the Merchants team of the Sierra Baseball League on Wednesday night and there was grave danger that nine young Montebello gentlemen would wear out the socks on the diamond at the school athletic field.

Mr. Balz won the duel decisively, for the score was 11 to 1. Mr. Pratt had the ball smoking

hot while he was good. His opponent was still in top form when he hurled the last ball. Joby Kiggins went in to halt the bombardment, but couldn't. Six costly errors by their teammates didn't help the situation from a local standpoint.

Neither team scored until two were out in Sierra Madre's half of the sixth inning when Lorenzini got a single. Brane followed with a two bagger and Lorenzini scored on a poor throw to home.

With one out in Montebello's half, F. Perryman, Montebello center fielder, singled, and advanced to third on a two bagger by his brother, J. Perryman, third sacker. Brane, first baseman, made a home run, bringing both Perrymans home. Balz, pitcher, hit for two bases and so did Mitre, who scored from second on an error.

In the seventh Pratt was replaced by Joby Kiggins, but four more runs were banded out. Montebello scored three more in the eighth, Mitre, catcher, chasing two teammates over the plate with a homer.

NOT REAL HEALTHY HERE FOR DRUNKEN OR RECKLESS DRIVERS

Drunken, reckless drivers and speeders will soon learn to avoid Sierra Madre. The city's new judge, Tom Neale, is not hunting a reputation as a "hard-boiled" judge, but he does propose that visitors shall have proper regard for the safety of local citizens and his fines for inexcusable violations of the traffic laws have been such as to command respect.

William Purcell, of Los Angeles, is sure to be more careful when he returns here. He is the last culprit to appear in the local court.

"Your disregard for the life and limb of our citizens will cost you \$50 and the cost of prosecution," said Judge Neale when Purcell was arraigned on Monday charged with reckless driving.

BRINGS ATMOSPHERE OF

OLD MEXICO TO SOCIETY

The home of Mrs. H. B. Hersey, 575 North Hermosa avenue, has been opened to the ladies of the Woman's Society of the Congregational Church for their meeting next Tuesday afternoon. Mrs. A. B. Adams of South Pasadena, missionary guest speaker for the afternoon, will tell of a recent visit to the Congregational Missions in Mexico. Miss Melissa Clark will be chairman for the day. She promises a colorful Mexican atmosphere.

Best Horses In The Land Coming Here

Work Will Be Started On
Great Baldwin Ranch Race
Track In A Few Days

The aristocracy of turfdom, including the Whitneys, the Killmers and other leading stables, will be presented here when the Los Angeles Jockey Club opens its racing meeting on the property in February. This was revealed this week through an interview with Joseph Smoot, proprietor of Baldwin Ranch, course when he arrived in Los Angeles from the East.

In making his announcement Smoot also said that John I. Day, prominent racing authority, will arrive in California in September to assume his duties as presiding steward.

"I can assure Los Angeles and Southern California the best racing competition in the country when the meeting opens next February 1," Mr. Smoot said. Ground breaking ceremonies at the nearby track will take place within 15 days, the club head said. Architects have already been engaged for the work, and bids will be opened within a few days.

In conclusion Smoot said: "Outside of Widener and Bradley who run the Florida and New Orleans tracks, all of the leading stables will be represented here next winter."

Success Of The Soviet Means Ruin

Woman Tells Kiwanians Of
Consequences Here If 5-
Year Plan Succeeds

Thirty visiting Kiwanians from Monrovia, Pasadena, South Pasadena, Altadena, San Gabriel and Glendora who attended the luncheon meeting of the local Kiwanis club at the Woman's clubhouse on Tuesday heard one of the most interesting talks ever delivered here.

It was by a woman, Mrs. Ottilie Ropp, and about her native country—Russia. When she particularly talked about the living conditions being forced upon the people in the land of the Reds while the Soviet is trying to work out the five year plan, and of the devastating effect successful operation of the plan will have upon the business and living conditions of the United States and world commerce.

There are two kinds of labor in Russia now, she said, enforced and prison labor. Those who will not submit to the enforced labor become prisoners and condemned to a living death, or are shot. The danger to this and other producing nations lies here, she said, because the enforced labor permits production in Russia at practically no cost in comparison with wages in this country and that if the five-year plan succeeds Russia will flood the United States and other countries with the product of this labor at prices which the United States cannot hope to compete, thus taking away its markets which mean work for its people.

The Monrovia Kiwanians brought here the attendance trophy won by the 10th Kiwanis District at the last State convention for having the highest attendance record. It will remain in Sierra Madre for three weeks and then pass on to another club of the district.

Puente Pitcher Hands A Ball Game To Legionnaires

The hurler for Puente's Legion baseball club was off on his marksmanship during a visit he and eight other Puente Legionnaires paid to the school athletic field here on Friday night, and forced enough runs across the plate to give Sierra Madre's soldiers a ball game. Not all of the 11 runs scored by the home team were forced upon them. They slugged some of them out, registering 10 hits. The score was 11 to 2.

Nine bases on balls generously handed out by the visiting moundsman robbed the game of much of its interest.

The Legion was scheduled to play a game against Monterey Park on the home diamond to night, but the game was forfeited by the valley team, which announced it would be unable to keep the engagement.

BRINGS BRIDE BACK

FROM A MOTOR TRIP

Lawrence Lehner surprised his parents, Mr. and Mrs. George M. Lehner of 550 West Central avenue, recently, by returning from an automobile trip to Kentucky with a bride, the former Miss Nellie Howe, of Kentucky. Mr. and Mrs. Lawrence Lehner have been the guests of Mr. Lehner's parents for a week. The young couple will make their home in Long Beach.

Joy For 500 Children As School Ends

Graduation And Promotional
Exercises End Year
For Local Pupils

Cares of a school-day world were doffed today by more than 500 Sierra Madreans of school ages who greeted the end of the school year with the customary signs of relief. Approximately four score of them were participants last night and today in graduation and promotional exercises in elementary, Junior High and Junior Colleges.

The largest single group of graduates, numbering 34, were those from Woodrow Wilson Junior High School, who engaged in final functions at that institution last night. Sierra Madre was well represented in the exercises—all officers of the class being from the Wistaria Town, though others took outstanding parts. Moreland Kortkamp and Herbert Grammel received gold scholar pins as a reward for being honor students for seven or more consecutive semesters.

Nineteen candidates for graduation from the upper and lower divisions of the Pasadena Junior College will take part in that school's exercises tonight in the Pasadena Rose Bowl. Two of the number are ending their courses in the upper division, while five comprise the candidates from the lower division, for February 1932, and 12 are candidates from the lower division for June 1932. Only one graduation service is held at the Junior College.

Eight Sierra Madreans attending Muir Tech High School in Pasadena will be graduated to-

Miss Edna R. Green will be installed as new president; Mrs. Fletcher White, first vice-president; Mrs. William R. Lees, second vice-president; Miss Clara Sykes, treasurer; Mrs. Franklin W. Swift, corresponding secretary; Mrs. Charles Collins, recording secretary; Mrs. Woodson Jones, auditor, and Mrs. C. E. Sommer, Mrs. H. H. Steinberger, Mrs. Leslie Wynne and Mrs. J. C. James, directors.

Although no luncheon has been scheduled for the retiring president, Miss Virginia Jones, has announced that the new board will be entertained by the outgoing board and that all club members who desire to do so may bring box lunches.

Mrs. Waverly E. Pratt will present Sierra Madre children in the pageant "God's Garden of the Heart," on the closing program. Miss Virginia Jones will be soloist for the performance.

A charming luncheon for Miss Jones and the board of directors of the club, is planned by Mrs. George M. Lehner for Friday, June 24, at her home, 550 West Central avenue.

Mrs. C. D. Croan presented her piano pupils in recital at her home, 301 Sturtevant Drive, on Saturday afternoon. The recital was followed by an informal social time in the gardens of her home. About 35 guests were present.

The following children took part in the recital program: Juanita Thompson, Walter Goldsmith, Edith and Esther Richter, Norma Sexton, Wilma Smith, Preston Evans, Martha Louis, Robert Hartman, Robert Evans, Betty Anderson, Marjorie Allen, Marjorie Ann Croan, Richard Yee and Valera Snell.

Sizzling Hot Legislative Fight Looms

Candidates Galore For First
Seat From New 48th
Assembly District

What promises to be a sizzling campaign for the Republica nomination for Assemblyman from the new 48th Assembly district, of which Sierra Madre is a part, was opened this week when one of the many contenders filed his nomination papers.

Altadena, largest unit of population in the district, already has five avowed candidates and Sierra Madre is expected to have two and possibly three.

A committee of Lamanda Park citizens came to this city early in the week soliciting support for a candidate from that section.

F. G. Martin, of Altadena, is the first candidate to file his nomination papers. He came to Sierra Madre with a delegation of Altadena Kiwanians on Tuesday after depositing his paper with Registrar of Voters Kerr, in Los Angeles. The petition contained the maximum number of signatures permitted by law, the names being representative of the district. Mr. Martin seeks to represent, though most of them were his neighbors in Altadena.

Mr. Martin, as permitted by law, made a statement specifying what he considers to be his special fitness for Assemblyman. This statement follows:

"My special fitness for useful service in State Assembly; Long experience in newspaper work; long experience in observing and editorially commenting upon public questions; continuous study of political and economic problems; familiarity with legislative procedures; varied experience in civic work in this Assembly District; business experience as realtor; interest in public service."

Veteran Is Found Dead In Home Here

Alexander Bridge, Relative
Of Noted Doctor, Vic-
tim Of Heart Disease

Alexander St. John Bridge of Brooklyn, aged 47, relative of the noted Dr. Norman Bridge, once prominent here, was found dead in the bath room of his dwelling at 494 North Baldwin avenue on Saturday morning. It is believed that he died of a heart ailment on Wednesday night, when he was last seen alive. He lived alone and neighbors became apprehensive that something was wrong when they observed that lights in the house were never extinguished.

Police Chief Gordon McMillan discovered Mr. Bridge's body after Mrs. Fred Herrman, of 493 North Auburn avenue, reported something wrong in her neighbor's house. She told the officer that lights had been burning in the building steadily for two days and she feared something had happened to the occupant, who was living alone.

Chief McMillan had to force an entrance through a bedroom window, as all doors of the house were locked. Lights were on in the kitchen and the bedrooms, and Mr. Bridge was lying on the bathroom floor, dead. He was dressed in pajamas and slippers were lying beside his feet, as though kicked off. Death, the officer reported, apparently resulted from heart failure.

On instructions of Mr. Hirsch, in New York, the undertaking parlors are holding Mr. Bridge's body until the arrival of a messenger from the East. Funeral arrangements will be made at that time. No inquest was held, an investigation revealing the death was from natural causes. Mr. Bridge had been occupying (Continued on Page Four)

Long, Hazardous Canoe Trip Planned By Sierra Madreans

Ernest Pegler, second son of City Treasurer Carlton J. Pegler, has picked out a summer vacation trip filled with thrills.

With companion, Henry Grumel, he will take to the water in the Yellowstone River in Montana on July 5 and the pair will shoot rapids, float and paddle their way in a canoe down the Missouri and Mississippi rivers to New Orleans. There they will take another water journey, but in a larger craft. Their destination will depend upon the length of time required by the canoe adventure. They want to go to South America or abroad, but both trips must be made in 120 days, the duration of Pegler's leave of absence from his duties as an employee of the International Fish Commission.

Subdivision Plans 2 & 3 Family Homes In City's West End

A request for permission to establish a real estate office in the residential district—on the southwest corner of Central and Sunnyside avenues—was presented to the City Planning Commission on Wednesday night by H. J. Kohl. Action was deferred until the committee ascertains the sentiment of the neighborhood respecting the matter.

The location is on the block owned by Mrs. Carrie Fairbanks. A communication from Mr. Kohl announced that it is proposed to erect a number of two and three family dwellings on the subdivision, to be offered for sale and to be rented. He planned, he said to move an attractive Washington slab type building 15 to 20 feet from a golf course onto the site for use as his office and requested an answer to his application from the Commission not later than Wednesday.

Budget For The School Completed

Estimate Sent The Super-
visors Calls For Expendi-
ture Of \$46,300 Next Year

A budget calling for the expenditure during the next school year of \$46,300 by the local school board was forwarded to the board of County Supervisors following a meeting of the trustees on Monday night. The estimated cost of operating the school is approximately \$10,000 below the amount provided by taxation for operating the school during the year just ended.

The trustees fixed the amounts necessary to carry on next year as follows:

General control, \$1430; Teachers salaries, \$24590; Other expenses of instruction, \$6849; Library, \$325; Operation of school plant, \$5850; Maintenance of school plant, \$345; Fixed Charges, \$458; Auxiliary agencies and sundry activities, \$3053; total, \$43360.

"In making a budget we ask for what we think we can get to answer all our needs, but we do not necessarily receive this amount," Mrs. Cecily A. Allen, clerk of the trustees, "and we won't know the amount allowed until sometime in July, when the Supervisors have reported on the Sierra Madre assessed valuations, and we have a state report covering the average daily attendance here."

There is no item of "Capital Outlay," intended to cover improvements this year. Most of the reduction of \$10,000 under last year's cost comes from the teachers salaries. The reductions will not be definitely fixed until the budget has been passed upon by the Supervisors.

As a precautionary measure in case of a panic and to serve the best possible rate for liability insurance at the school auditorium, the board voted to provide the presence of a fireman on the stage at all future performances there.

Medals Awarded At Closing Exercises In Grammar School

School closed for the year in Sierra Madre yesterday, as the Kiwanis Club awarded bronze medals to outstanding pupils and a musical program was presented in the auditorium. Children divided into their grade groups, from the 1st to the 6th grade, sang. A dance, done in Dutch and Colonial fashions, ably directed by Miss Bernadine Collins, was presented by Norma Duck and Marion Dudley.

In charge of the chorus singing was Miss Mary Pfahler. A cup was awarded the 5th grade for their work. The 4th year children were close behind.

The Kiwanis medals, presented by Dr. J. L. Woehler and Warren E. Craig, were pinned on the following boys and girls for their citizenship and health records: Ethel Baldwin, Laura Elkins, Doris Trejo, Kathleen Pulling, Betty Anderson, Mary Alice Harkness, Maxine Odum, Norma Duck, Teruka Nishijimi, Barbara Mitchell, Adrianna Gilbert, Marylyn Paschall, Toshiko Aisawa, Victoria Ballestros, Louise Olsen, Leona Shields, Bennie Mora, Murray McFarlane, Andy Adams, Preston Evans, Robert Thomas, Jack Copenhagen, Teddy Young, Billy Adwell, Stanley Wood, Alfredo Portello, Edwin Evans, Robert Murphy, Edward Decker, Hial Hall and Lee Sackett.

During the assembly Miss Elizabeth Steinberger, principal, announced the winners in the recent poster contest which was held in connection with the British Home and the John Ruskin Society. They were: Yaye Takasugi, first; John Davis, second; Ross Najero and Mary Alice Wissburg, third prizes.

Concluding the exercises pictures were taken by Rudolph Hartman of the entire student body on the front lawn of the school.

Adopt Plan To Improve Conditions

Committee Adopts Sugges-
tion To Carry President's
Idea Into Effect Here

A committee appointed by the Sierra Madre Merchants Association to devise a means of bringing about closer co-operation between the people of Sierra Madre and to stimulate business here, reported to a dinner meeting of the organization in the Masonic Temple on Monday night that it had unanimously agreed upon a program that was given the unanimous approval of those who attended the meeting and is now being submitted to those unable to be present.

The plan submitted is directly in line with President Hoover's recent admonition that each community create as much employment as possible within its confines and devise means to keep the resultant money in circulation among its people. Being distinctly a community project designed to promote the welfare of the city and its people, it is believed that practically every business man in the city will approve the plan agreed upon and enter into its operation.

A list of the business houses that propose to enter into the campaign proposed in the committee's report will be submitted to a joint meeting of the directors of the Chamber of Commerce and the Merchants Association on Monday night.

The committee appointed by President W. S. Hull of the Association to propose a plan, consists of Tom Tyler of the Sierra Madre Furniture Co., Warren E. Craig, of the Sierra Madre Tailors, Dyers and Cleaners, J. S. Billheimer, of the Sierra Madre Lumber Co., G. P. Rikeman, of the Rikemans, and Frank Spencer, president of the Kiwanis Club.

Earth's Most Beautiful Spot Is Here

Former Head Of Passionists
Order And World Traveler
Finds It On Monte Oliva

By John Copeland

A genial old man, with Ireland shining out of his blue eyes, is Father Alfred, just back from China and resting at the Passionists Monastery of Mater Delorosa in Sierra Madre. Rev. Father Alfred was Provincial of the order in the United States from 1914 to 1920, and was Consultant in the General Council in Rome, when representatives from all the provinces of the Passionists met with the Pope, from 1920 to 1925.

Born Alfred Cagney, he came over to this country from the county Limerick at the age of 16. "And now," he chuckled, "whether there's any connection or not, my favorite hobby is Limerick."

Just now returned from Hang-Kow, Father Alfred finds much to marvel at in the new monastery. "You," he said to us (and we felt callow under the weight of his smile) "have not been all over the world as I have. I have been all over the world, and this is the most beautiful spot I have ever seen. With the purple haze, such as the poets talk about, over the mountains in back of us. And the smiling valley below with the city and the sea beyond." Something of a poet himself. Heritage, perhaps, of Irishmen born in Limerick.

In China throughout the big flood and the recent Japanese invasion, the priest established the (Continued on Page Three)

Next Sunday's Twilight Organ Recital at the Church of the Ascension will be played by Paul G. Hanft, organist of St. Luke's Episcopal Church, Monrovia, and two vocal numbers will be given by his wife, Nell Hanft, the well-known soprano. Mr. Hanft will play a Bach Choral Prelude, a Handel Aria, his own Nocturne and numbers from modern and contemporary composers. The usual social hour over the tea cups will follow the recital and everyone is welcome.

ALTAR SOCIETY AND P.T.A. WILL PRESENT COMMUNITY PROGRAM

The Parent-Teachers Association and St. Rita's Altar Society will sponsor a Community Program next Friday evening, June 24, at 8 o'clock in the City Park. The program is under the auspices of the local Red Cross. Everyone in the community is cordially invited.

New Relief Measures In Operation

Volunteers Canvass City On
Block-Aid Plan; County
Helps In Bailey Canyon

The Block-Aid campaign got under way in Sierra Madre on Wednesday morning following a meeting of the Red Cross in the Congregational Church on Tuesday night. Yesterday the county-aid feature of the new unemployment relief program was started when 18 men to be paid by the county were assigned to jobs in Bailey Canyon Park. Of the latter 15 were Sierra Madreans and three from outside the city.

Thirty volunteer workers began a canvass of the city in the Block-Aid plan and individual reports reaching Red Cross headquarters indicated that the canvassers were meeting with more than fair success. They were prepared with blanks with which to gather a thorough welfare census of the city, though many more workers will be required in order to complete the job, and at Tuesday's Red Cross meeting announcement was made that everyone in the city will be asked to join in the drive.

J. O. Smith, one of the volunteers, declared that Sierra Madre should be proud of the way local welfare work has been handled. It is a well-known fact, he said, that this city has handled the unemployment relief in a more able manner than any other community in the county. "We can well boast, if we want to go this far, of the work the committee under the leadership of Dean Bode and Mr. Humphries, has done in the community," he concluded.

Rev. Arthur O. Pritchard also spoke about the increasing complexity of the relief problem. "Only as we are organized and work together can we hope to meet the situation at all," he said. "Unity of action is very essential and inasmuch as our Red Cross leadership has proven so effective it is wise for us to back it up. The matter of Block-Aid is something that has been tried with more or less success, it is the best plan that has thus far been tried out for the community to work together in the ways people can."

Among those present and who have volunteered aid are: Mr. and Mrs. Donald Thayer, E. Bever, Mrs. C. M. Nigh, J. O. Smith, Mr. and Mrs. R. D. Armstrong, Mr. and Mrs. J. E. Colbert, Mrs. L. E. Sullivan, J. W. Corr, F. G. Floyd, Mrs. E. R. Thompson, Rev. Father Hyacinth Clary, A. E. Connell, J. D. Fisher, Stanley Wood, Mrs. Clarence Bowen, Miss Marion Vannier, Mrs. W. R. Humphries, Mr. and Mrs. R. R. Proffitt, C. McLeiland, Mrs. E. Tuggle, Mr. and Mrs. Francis Eakman, Mrs. Mildred Taylor, Mrs. Tom Neale, Dean A. G. H. Bode, Mrs. Eva Moore, Mrs. J. E. Appleby, Rev. A. O. Pritchard, Mrs. Maud Bird, Mr. Withers, J. Milton Steinberger, and others.

A report of Red Cross and Unemployment relief activities and expenses was presented by Chairman Humphries. Reported receipts and expenditures of the relief fund from October 12, 1931 to June 11, 1932, follows:

Receipts—Block-Aid \$13, Donations \$4122.88, Refunds \$188.22, Sales \$74.53; total \$4398.63.

Expenditures—Administration, supplies and printing \$868.04, School lunches \$871.89, Homes (food) \$403.50, Clothing \$92.86, Labor \$1055.46 (repaid to donors), Cash loans \$211.50, Miscellaneous \$185.56, National Red Cross \$250, total \$3938.61; Balance on hand \$460.02.

The report stated that in addition to labor paid through head-

James Arthur Gilbert of Ventura, well-known resident of Sierra Madre 20 years ago, and father of Mrs. Henry Olsen, passed away on Sunday at his home in Ventura at the age of 72 years. Mr. Gilbert was born in Wakefield, Kansas, and has been a resident of California for the past 29 years.

He built the Sierra Madre Woman's Club House, while living in Sierra Madre and will be remembered by many of the older residents.

Funeral services were held in Ventura on Tuesday.

COMMANDER EMBREE tells me that delegates to the State convention must be chosen earlier than he expected, and that nominations will be made next Monday. So, if you want to go to Oakland in August, be on hand Monday night. Some comrades will notice the light of desire in your eyes and will nominate you for delegate or alternate. There are to be four of each chosen.

I think that one or two boards of strategy must be studying the problems of the forthcoming election of Post officers. Certain indications point to something of a contest this year. Go to it, comrades—make it interesting. Nominations will be in order in one of the July meetings, as the new officers are supposed to be elected before the meeting of the State convention. They will not be installed until September, however.

What do you think of the B.E.F. now? It seems to me that, without considering the merits of the bonus issue, the "bonus marchers" might be given just one little hand by the White House if for nothing else than the fine performance in orderly self government that they are giving. Also, in a way, the veterans engaged in this movement represent the millions of unemployed, who are (so far) patiently expecting Washington to do something for them.

George Haggood's lunch business has fallen off terrifically, he told me, since the city improvement work was shut down because of the court's invalidation of the municipal ordinance under which the work was being done. Too bad.

The headquarters woodbin is full, and it is hoped that the supply will last for at least a couple of meeting nights, next winter. We call that preparedness.

Joint Dinner Meeting Of Firemen And Legion Post Will Take Up Topic

Members of the Volunteer Fire Department will be honor guests of the American Legion post next Monday night at a meeting at the City Hall. The fire-eaters are being fetted in appreciation of their co-operation with the Legion during the past year.

N. Earl Wharton, of Pasadena, will be the principal speaker of the evening, and will address the gathering on the general topic of "Communism." Nominations of post delegates to the state convention next August 1 will also occupy the post members.

Post officials pointed out that new and stringent rules are now in force in relation to the qualifications of convention delegates. These resulted from the discovery in many posts and districts, that past and district officers did not rightfully belong to the Legion, having never served during the war. It is now required that every nominated delegate to a convention, and all post and district officers, supply certified copies of their discharge from the Army.

COMMUNITY DINNER BEING ARRANGED BY THE WOMAN'S SOCIETY

A unique program for Thursday, June 30, in the form of a Birthday Community Dinner is being arranged by Mrs. Nestor A. Young and Mrs. Homer W. Following the dinner, which will be served at the Church, Mrs. Al Myers will present a number of artists on a program, which promises to be of great interest. The proceeds from the dinner will be used by the society in its work in the Church and by the Red Cross.

With the Scouts

IN ORDER to get in shape for the summer vacation camping, five of the Scouts of Troop 2 took an overnight hike up the mountains last Sunday, June 12. The Scouts, under the direction of William Cobert were Norman Jaeger, George Otte, Robert and John Colbert and Albert Zeiner.

For the fellows going to Camp Cherry Valley, here is the 1932 camp schedule: 1st camp, June 23 to July 2; 2nd camp, July 5

to July 14; 3rd camp, July 14 to July 23; 4th camp, July 25 to August 3; 5th camp, August 4 to August 13; 6th camp, August 15 to August 24.

Incidentally a prize is to be offered for the first fifty troops turning in eight applications for Camp Henry. Up, you Scouts, if you're going. Don't lose out.

Here's an idea to think over. Says the Bulletin: "How about a Community Boy Scout Field Day and Picnic? Make reservations at Headquarters."

Notice executives! Scout Executive Meeting (community) will be held at 7:30, June 28, in the American Legion Headquarters, the City Hall.

Fire Flames

By one of the boys

WELL, the boys all attended the meeting last week (every last one of them) and it was over before Norris could let loose his usual endless flow of words. So while Schwartz was serving the "eats," George gathered a crowd and got rid of his usual loose language. We had Jack Paschall as a visitor. He was right in his element. He told how the depression could be ended and the boys decided to go right out and end it. The secret of accomplishing the job was to smile and work hard, Jack said.

We've all been invited to many affairs, and now we're to visit the home Legionnaires. We know on that evening there's sure to be fun if old Roy Pickett will leave home his gun. We'll show those old "doughboys" we're there when it comes to the eats.

Once more our First Aid Men have done their stuff. This time when called to the dam they were willing and staid. There, a man fishing, had slipped, and was hurt. He was found by the Rangers who called on our Captain to come pell mell. The hospital folks said our men did real well.

The "Goat" in the Canyon, we almost forgot, so Newberry found a brush and a pot. He cleaned and he painted the truck that was faint, until she now looks just like what she ain't. Fire's Out.

Big Independence Day Celebration In The Crown City

The firemen of Pasadena are again staging their annual Fourth of July show at the Pasadena Rose Bowl on the evening of July 4th. The show which starts promptly at 8 p.m. will consist of a mammoth 3-ring circus to be followed immediately by an hour of the most brilliant pyrotechnical display yet attempted.

The circus part of the program will be under the direct charge of an old time circus man, and will be staged in true circus style, three rings working simultaneously. A large number of acts are already under contract and include sensational flying trapeze performers, thrilling trampoline acts, acrobats, jugglers and tumblers, clowns, animals and in fact everything that goes to make up a real circus.

The pyrotechnical display will be the most brilliant ever shown in this part of the country, the Olympic Games theme being used in the many wonderful set pieces that are a part of this display.

The "Discus Thrower," a mammoth reproduction in brilliant fire of that emblematic figure, a large and wonderful picture in fireworks of a girl diver in a perfect swan dive, a sprinter coming down the stretch in full stride are only a few of the designs that have been worked out by the pyrotechnical experts.

In between these mammoth set pieces salvos of aerial bombs, batteries of brilliant aerial shells, flights of rockets and comedy noise making devices go to make up one of the greatest displays ever attempted. Tickets may be purchased in advance at Central Fire Station in Pasadena and are 50 cents for adults, 25 cents for children with a few reserved seats at \$1.00.

ENDEAVORERS TO HAVE OUTING AT LAGUNA BEACH

Members of the Intermediate Christian Endeavor Society and their friends left at 7:30 o'clock Saturday morning for Laguna Beach. Mr. and Mrs. Roy Stevens of Pasadena, accompanied the group. Mr. Stevens is former superintendent of the society. A wiener roast climaxed the events of the day.

WORLD'S MOST BEAUTIFUL SPOT IS LOCATED HERE

(Continued from Page One) mission of the Passionists there. This project was planned at the convention in Rome.

Two things he recalls which especially stand out in his mind—the period in Rome when he saw the white smoke pour forth from the chimney of the Sistine Chapel proclaiming the election of the present Pope, and the subsequent missionary work in war-ridden and flood swept China.

"When a Pope is elected," Father Alfred explained, "the white ballots are thrown into the fire in the Chapel, and thus the outside world knows. But if a decision is not reached in the first ballot, a black straw is burned with the slips of paper, making a black smoke. This is a very old custom."

Of the floods in China and the Japanese invasion he said: "During the big floods there was a stretch of two weeks when we didn't have a sight of dry land. It was terrible. Then, later, the

Japanese invasion. China, so torn by civil war, put up a grand resistance. The display the Japanese put on in Shanghai was the grandest military show I've ever witnessed—ten thousand troops, giant howitzers, tanks, the most modern implements of war . . ."

He talked at length concerning the eastern situation. But about himself he had little to say. "Something about your work," we urged. "My work is just about through now," he said. During his stay here Father

Alfred is among men at the monastery who revere him beyond the ordinary. Most of them were in course of preparation for the priesthood while he was at the head of the Passionist Order and consider that he more or less "raised" them.

"Buyers have confidence in Sunkist!"

"A citrus grower can have no finer asset than the hard-won preference of the public"

cies of any Exchange grower or shipper are now made available to the group.

"BEFORE the Exchange was founded, an orange was just an orange. Buyers gambled every time they bought. There was no name to depend on, no brand to have faith in. Sales were retarded.

"One of the Exchange's first moves was to establish standards of quality. 'Good citrus' is the basis of Exchange success. On it are built the value of the Sunkist name and the effectiveness of Sunkist advertising.

"Years of careful grading have won the confidence of trade and public. In the minds of millions, Sunkist means dependable quality. And people gladly pay the best prices for this assurance.

"To protect the Sunkist reputation, we organized a Field Department to coordinate methods and enforce standards in our widely-scattered packing houses.

"It has given us improvements in grading and packing—better pest control methods. In fact, from tree to refrigerator car, the efficient

"The Exchange pioneered this highly-developed means of maintaining standards for its fruit. Today it protects the priceless asset it built—the confidence of buyers in our name."

Canvass Of Local Artist Hung In Big Chicago Exhibit

Since the much discussed and criticized last Carnegie International Exhibition the "No-Jury" idea of artists displaying their work has swept the country. The tenth annual exhibit, now being shown in the Gallery of Modern Life, is sponsored by the Chicago No-Jury Society of Artists and, irrespective of the depression, this exhibition is bigger and better than ever.

"Symphonies," a leather brush painting by Henry Ivins Hawthorne—first exhibited in this city's Municipal Gallery—puts the name of Sierra Madre before the people of Chicago.

In addition to his having been recently made a member of this society, Mr. Hawthorne is also a member of the American Artists Professional League—a national organization and also a member of the Painter and Sculptors' Club of Los Angeles.

Too Many Copy Cats 'Fox' Stanton Tells Dinner Audience

The trouble with the average man today is that he doesn't think enough. And, what is almost worse—he's a copy cat.

Authority for these contentions is "Fox" Stanton, Sierra Madre resident and coach at Cal Tech, who spoke last week at the annual Y.D.M. Associated Clubs athletic award dinner, held in Pasadena.

"Our thinking determines our actions and whether we win or lose as individuals, or as an athletic team depends on the attitude of our mind," he said. "There is too little original thinking being done today. In business, religious fields and the athletic world we are all ready to copy what the other fellow is doing."

Coach Stanton arraigned Mr. Average Man as being a simple trusting person, prone to accept general statements as absolute truth, simply because some overnight hero makes them.

He declared the Greek Olympics were the first attempt at organized sport. Modern sport might be bettered, he declared, by the elimination of the over emphasis on college sports, the inhospitality of many colleges toward visiting teams and stopping the practice of subsidizing athletes.

Landscape Gardener

WATER LILIES should be planted in a pool that is exposed to the full sun. The depth of the pool should be about two feet. It is best to cover the entire pool with dirt rather than planting them in boxes or pots. This gives the roots more room in which to spread out and more food to use. They will bloom for a longer season if they have plenty of root room.

In planting use good top soil from the garden and mix with an equal amount of cow manure. Cover the bottom of the pool with this mixture for a depth of four to six inches. Place over this about the same amount of garden soil without the fertilizer. Then on top of this spread about one inch of pure clean sand. The sand will help to keep the water clean. When mixing the soil with the fertilizer for the bottom of the pool you can also use a little bone meal to add more food to the soil if you wish. After the dirt, fertilizer and sand has all been placed in the pool there should be about 10 inches left for the water. By measuring the depth of the pool before filling you can determine how much dirt you can use, so that you will have room for 10 inches of water.

Lily tubers should be planted so that the crown sticks out above the soil. They should be planted two or three feet apart. Be careful to disturb the soil as little as possible so as to keep the water clear. Be especially careful about filling the pool with water for the first time. Use a burlap sack over the end of the hose so that the water will not wash the sand away.

Bog plants and Lotus should be separated from the lilies by a wall or kept in separate containers or they will choke out the lilies.

For color and magnificence in June there are three outstanding favorites that are among the aristocrats of the garden—rose, the queen of flowers, the stately delphinium and the fragrant regalia lily. Lilies and delphiniums are

ing the house for several weeks. R. C. Twycross told police that he had driven Mr. Bridges to his home about 7:30 Wednesday evening, had seen him turn on lights in the house, and had driven away. It is believed he was the last person to see Mr. Bridges alive.

Mr. Bridges was fully identified through correspondence found on the premises, and by W. H. Ingraham of the Sierra Madre Savings Bank where he carried a deposit, and Mr. Twycross. Officer H. C. Scott discovered an envelope from the Plaza Hotel, Hollywood, with the instructions "in case of accident or death notify Hugo Hirsh, Hotel Bossert, Brooklyn, N.Y."

On instructions from the coroner's office, the body was removed to the Grant Funeral Parlor, and that concern was ordered to assume offices of the coroner's department.

Mr. Bridges has been coming to Sierra Madre for the past four years. He had only been here several weeks, on his fourth visit to the peace and quiet of Sierra Madre, when death overtook him.

Mr. Bridges was a distant relation of Dr. Norman Bridge, president many year ago of the local water company, and nationally known as a professor of Russ Medical School, Chicago, and as chief surgeon of the Santa Fe Railway system.

Dr. Bridge, who originally came to Sierra Madre for his health, built the property on Auburn avenue now known as the Mira Monte Hotel, as a private residence and occupied it for several years. He also built the house in which his relative just died.

Dr. Bridge was chief figure here in the famous water rights suit brought by the Baldwin estate more than 25 years ago. The suit resulted when the city of Sierra Madre built a water conversion system to tap the canyon supply, which supplied irrigation for ranch purposes on the limits. The Baldwins brought water, but lost. It was then that "Lucky" Baldwin, angry at the city and in vengeful mood, laid plans to hem this city into the mountainside and prevent its growth.

Dr. Bridge was also well known because of a treatment for tuberculosis which he originated, and for his philanthropic work in medical circles. He maintained an office in Los Angeles while resident here, commuting daily for several hours of consultation work.

a charming picture when planted together. If you haven't this combination in your garden, get the plants started now and be forever grateful to yourself.

Sow the seeds of radishes and carrots in the same row. After the radishes are harvested, carrots will be left to grow to maturity. This conserves garden space and the radishes serve as a "nurse" crop for the carrots. The radish is an ideal plant to arouse the interest of children in gardening because of its very quick growth and the fact that it is eatable.

In spading a garden, the blade of the spade should be driven into the soil as nearly verticle as possible. The closer to verticle the blade goes in to the soil, the deeper it can penetrate and the better the job of digging. It is customary to send the spade or fork into the ground at a slant. The result is that while it may look like a good job of digging when it is done, the soil has not been turned for more than six or eight inches.

Soil needs deep digging to let the air into it. This helps to make the plant food more readily available for the growing plants. The roots of the plant also must have a certain amount of air to thrive.

GROWERS TO DISCUSS ORCHARD PROBLEMS

The Agricultural Extension Service, the Farm Bureau and the citrus associations, will hold a citrus field day for the growers of the Rivera Area on June 17.

The morning will be devoted to a blackboard discussion and actual treatment demonstrations on citrus diseases. In the afternoon a discussion and demonstration of the most approved methods of citrus pruning will be given.

The schedule is as follows: Friday, June 17—9:30 a.m.—Diseases; 2 p.m., pruning.

All growers are invited to attend these meetings and to bring in all their citrus problems. Growers will assemble at Charles Robinson's ranch, one mile south of Whittier Boulevard on Passons Boulevard Rivera.

AVOCADO DIVISION IN THE FARM BUREAU

Formation of an avocado department of the Los Angeles county farm bureau took place early this week under the direction of M. B. Rounds, county farm advisor, and a group of representative growers. The department will assist existing grower organizations, individual growers and will strive to advance this county's industry in general.

Carter Barrett and J. M. Hoffman of Pasadena and Altadena; Ben Needham, Glendora; Manuel Garcia, Duarte; R. S. Woods, Azusa, and Dr. W. E. Macklin, San Gabriel, will represent this part of the county on the directorate as elected. Judge F. D. Halm, La Habra Heights' grower, was elected chairman.

RED CROSS TO 'PUT UP' FRUIT FOR FAMILIES IN NEED; WANTS JARS

Jars of every kind and description are the object of a drive today by the Red Cross Relief Committee.

The committee is planning on taking up canning of fruit as one means of giving the depression a push toward the scrap heap. There will be more fruit, particularly apricots, on local trees this year than owners will be able to dispose of, it is claimed.

Therefore, the committee is out to get permission from tree owners to pick that fruit which otherwise would go to waste. Then, taking the donated fruit, they also expect to have some donated sugar, so that certain of the unemployed can mix it together and fill donated jars with jam and jelly.

some fellows' hats will feel a bit tight after that bouquet. The most important business of the session was nomination of delegates to the Oakland Convention. Mrs. Otis Reed arrived in a hurry and left the same way, for she had plenty of last minute preparations to make for her back to Missouri trip. Miss Minnie Stinman, past chaplain, acted as chaplain in Mrs. Reed's absence. Mrs. Maybelle Barker was a very gracious leader of the assembly. Mrs. Reed left a little book for each one present to write a message in. The pages were cleverly folded and a sticker pasted on, making each message private. The date was written on each page, informing Mrs. Reed when the writer wished her particular page to be read. This book accompanies the owner on the trip East and is a clever way to have each member with her. Your scribe mentioned at the beginning of this column about the "regular meeting"—that was not properly stated, the meeting was very unusual from start to finish. Everyone was delighted at the artistic table in yellow and white arranged by Mrs. Ben Stinman and Miss Minnie Stinman, the hostess. The refreshments were in keeping with the rest of the decorations. The eats and the table—well, we all said yum, yum, as the kids do.

Mrs. Norman Jensen was lucky in Bunco, taking first prize. Mrs. James Irvine was also lucky for she won consolation prize. Any way everyone had a good time and in the excitement Mrs. Lilyan Wheeler left her chapeau and Mrs. Elizabeth Goodier got all tangled up in a police whistle. Mrs. Roy Pickett, president, and Mrs. Arthur Embree, child welfare chairman, attended the Child Welfare business meeting and picnic in Monrovia on Monday.

All chairmen are asked to have their yearly reports on the various committees, that they are head of, sent into Headquarters this week.

Comrade Charles Taylor, Mrs. Taylor and family, left last Friday morning for Greensburg, Pa. They expect to bring Mrs. Taylor's mother and sister to California when they return in the fall. Mrs. Taylor has been feeling much improved lately, and her friends hope the trip will give her back her former excellent health.

Mrs. James Irvine's mother-in-law, Mrs. Jean Gammel, expects to go back East this week. Oh "goils," here is a chance to see how your other half and the other girls' "other halves" act at a district meeting. The 18th District meeting at Covina, Friday night, June 17, at the Legion Headquarters will be an open meeting. Now is your chance to see how they argue, and talk and talk.

Prices Jump As New Taxes Become Due

Many Commodities Affected
By Schedule Operative
Next Tuesday

Sierra Madreans will shortly begin to feel the effect of the radical changes involved under the new Federal excise tax regulations. A survey just released and based on an analysis of the 1932 Revenue Act, explains in detail the collection procedure.

In the analysis, made by R. S. Martin, tax counselor and former internal-revenue agent in charge of California and Nevada, the following points were clarified: Taxes on telephone and telegraph messages become operative June 21. Telephone taxes will be collected by the company and charged on the monthly bill. Telephone taxes are 10 cents on messages costing 50 cent to \$1; 15 cents on messages cost \$1 to \$2 and on messages of more than \$2 the tax is 20 cents.

Telegraphic messages will be taxed 5 per cent of the total cost, the money to be collected by the company.

Theatre admission taxes also begin on June 21, and consist of a 10 per cent tax on all tickets over 40 cents.

Bank checks and safety deposit box taxes begin June 21, and amount to 10 per cent for each box rental and 2 cents for each check. In each case the bank collects and charges the depositor's account.

Special stamps are provided for taxes on real estate conveyances and on stock and bond transfers; on the former the tax is 50 cents for each \$500 over \$100. Stock transfer taxes are 4 cents a share of 5 cents a share when the value is \$20 on each \$100 per share. The bond tax is 4 cents per \$100 value.

First class postage rates will be increased from 2 cents to 3 cents beginning July 6, while new rates on second class postage become operative July 1.

As gasoline tax of 1 cent a gallon starts June 21, with the collection procedure being similar to that already in operation by the state.

These excise taxes are all paid directly by the consumer and are deductible from income-tax returns provided a careful record is kept.

The tax on tires becomes effective June 21, and amounts to 10 and 15 per cent.

WILSON P.T.A. RAISES OVER \$100 FOR WELFARE FUND

Over \$100 was realized for the Welfare Fund of the Woodrow Wilson Parent-Teachers' Association from the "Community Night" carnival held last Friday by the Association. The dance, slide shows, movies, boxing bouts and bowling alleys were visited by about 700 persons. Mrs. J. B. Scheele, Mrs. Charles S. Howe and Miss W. W. Scates were responsible for the successful evening. Money and merchandise was donated for prizes and refreshments.

H. J. BRUCE—Los Angeles—Pasadena
We are happy this week to tell our customers that our recent combination of our three companies makes possible a long list of lowered prices.
As a member of this organization for twelve years, I firmly believe that today we are in a better position to render a food service even more worthy than at any previous period in our development.

H. S. WRIGHT—Los Angeles—Beach Cities
As a result of combining Safeway, MacMarr and Piggly Wiggly Stores, we can now offer the same merchandise and the same prices in all stores. This action unifies our functions and adds materially to the efficiency of operations, company-wide. Under Safeway's competent administration, the "follow through" in my stores will effect a very noticeable and improved usefulness to our many customers.

GEORGE WELLER—Piggly Wiggly Stores
My association with the executives of Safeway Stores has been a most pleasing experience, prompting a profound admiration for their broad businesslike policies. Although a confirmed Piggly Wiggly enthusiast, I am thoroughly convinced that the stores under my direction will be better and more deserving servants of the public under the Safeway combination. All our Piggly Wiggly customers will find us "following through."

L. L. WOOD—In Charge of Expansion
In my responsibility for new stores, expansion and remodeling activities, I am privileged to tell the friends of Safeway and Piggly Wiggly that this organization, during the past few months, has put over two hundred men to work in remodeling and opening new stores. Our present program is purposely designed to lend our support to each community's increased business, and we intend to continue our efforts.

These prices effective Thursday, Friday and Saturday, June 16, 17, 18, in all stores within 75 miles of Los Angeles, beyond which point freight charges will be added. Safeway operates Piggly Wiggly in Los Angeles, Orange, Kern, San Bernardino and Riverside counties, except Needles and Aradon. We reserve the right to limit quantities.

S. D. MCCOLLUM—Hollywood—Glendale
"Following through" has been the most valuable lesson learned during my training with Safeway Stores. "Follow Through" in Safeway means to carry the service policies and principles of our management completely through our stores, on into the kitchens and on to the tables of our customers. I am proud to invite you folks to visit any one of my one hundred stores. We are ready to "follow through."

A. B. JOHNSTON—Riverside—San Bernardino
Safeway and Piggly Wiggly operations in the Orange Empire are quite extensive, and I am pleased indeed to call our many customers' attention to our "one price policy" in all stores. Bringing merchandise to this rather distant point at regular Los Angeles prices constitutes a real service, and I respectfully submit the information that merchandise advertised in Los Angeles papers is available in our stores at the advertised prices.

M. B. HOLLINGER—Santa Barbara
Although operating quite some distance from the immediate metropolitan area of Los Angeles proper, the stores in the Santa Barbara territory are fully awake to the worthy purpose of our company's present program. I am glad to see my company stepping into a determined effort to be of more than passing usefulness in every community.

B. M. LEWIS—Bakersfield
Through the merging of our three companies, Safeway has certainly taken another progressive step which is already effecting greater economy to our customers. We are strictly in the service of our customers, and each added degree of efficiency makes our company more worthy of its position in the important field of food distribution. Okay, Los Angeles!—Bakersfield's "following through."

These prices effective Thursday, Friday and Saturday, June 16, 17, 18, in all stores within 75 miles of Los Angeles, beyond which point freight charges will be added. Safeway operates Piggly Wiggly in Los Angeles, Orange, Kern, San Bernardino and Riverside counties, except Needles and Aradon. We reserve the right to limit quantities.
